## Work Experience

---

### SOFTWARE DEVELOPER — Eupraxia Labs

Remote | 05/12/2025 – Present

- Co-architected and built the Federal Frontier Platform, a GitOps-driven Kubernetes management system for secure, multi-account AWS and hybrid environments.
- Developed core Go backend services powering cluster creation, mutation, and teardown, including multi-repo GitLab orchestration, atomic multi-file commits, RBAC enforcement, and AWS SDK integrations.
- Implemented OIDC provider automation, IRSA role provisioning, and dynamic Helm values templating for DevOps applications and platform services.
- Built MCP servers and Python-based agents enabling AI-driven automation of Kubernetes operations, GitOps actions, and platform orchestration.
- Planned and delivered high-impact product demos to prospective customers, translating complex platform functionality into clear value propositions that supported sales and onboarding discussions.

### FULL STACK DEVELOPER APPRENTICESHIP — Cook Systems

Remote | 03/04/2024 – 05/01/2024

- Developed and tested dynamic full-stack web applications using Java, JavaScript, Spring Boot and Angular.
- Designed and implemented RESTful APIs for smooth communication between front-end and back-end components.
- Built multiple dynamic single-page applications using the Angular framework, ensuring responsive and performant user experiences.
- Teamed with 5 developers and utilized Git version control and CI/CD pipelines to ensure we meet project deadlines.

### COMMERCIAL LINES CUSTOMER SERVICE AGENT — Progressive Insurance

Austin, TX | 09/24/2018 – 05/21/2021

- Gained extensive knowledge of multiple IT computer systems from command line legacy applications to modern web hosted applications in order to properly serve customers.
- Served as a technical support agent for customers and insurance agents for the Progressive website and mobile app.
- Solved multiple complex insurance, billing and technical problems for customers and co-workers on a daily basis.
- Managed customer accounts worth up to \$500,000 while also responsible for product growth and client retention.
